

Introduction and Welcome

Dr Liam Maguire

**Intelligent Systems Engineering Laboratory
School of Computing and Intelligent Systems
Faculty of Engineering, Magee Campus.**

University Structure

5 Faculties in University and 4 campuses

- Vice-Chancellor: Prof R Barnett
- One of the largest universities in UK and Ireland
- Approx 22,000 students
- Faculty of Engineering
 - Approx 5,000 students in the Faculty
 - 6 Schools in Faculty across 3 campuses
 - School of Computing and Intelligent Systems at Magee Campus

School of Computing and Intelligent Systems

- 25 academic staff
- Approximately 600 students
- Two major research groups
 - Intelligent Systems Engineering Laboratory
 - Intelligent Multimedia Research Group
 - Attracting substantial research funding
 - Eg Centre of Excellence in Intelligent Systems
- Taught Courses in Electronics, Computer Science, Computer Games and Multimedia Computing

Magee Campus

- Oldest campus in current university structure
- Fastest growing campus – student numbers doubled in last 10 years approx 4,000 students
- Plans to increase student numbers to approx 10,000 in next 10 years
- All Faculties represented with particular strengths in Intelligent Systems, Law, International Business, Creative Arts and Psychology.
